## FUN FACTS ABOUT NEW YEARS!

- The earliest New Year festivities date back about 4,000 years. At that time, the people of ancient Babylon began their new year in what we now call March.
- In Greece, a gold or silver coin is baked into a cake, called a vasilopita. The person who receives the piece of cake with the coin inside is said to have luck the rest of the year.
- In Spain they eat 12 grapes at midnight on New Year's Eve to bring 12 months of happiness.
- In Bolivia, families often hang small homemade dolls outside their homes for good luck.
- In Japan, at midnight on New Year's Eve, bells and gongs sound to banish bad spirits.
- To leave the old year behind and welcome in the new one, the Dutch make bonfires in the street using Christmas trees.
- Portuguese children go from home to home and sing songs for neighbors. They may receive sweets and coins in return.
- If you'd like to be among the first to welcome the New Year, then you'll want to be on the Pacific island nation of Kiribati. It's located in the world's earliest time zone!
- As for the last place to ring in the coming year? That title belongs to American Samoa in the South Pacific Ocean.
- The Earth has been spinning unusually fast, and days have become shorter lately. 2021 is predicted to be the shortest year in decades!
