- Jul - Coconino County, AZ
- Jul - Sonoma County, CA
- Aug - Mendocino County, CA

## FUN FACTS ABOUT JULY!

- Many countries have their Independence Day during the month of July. These include the United States, Belarus, Venezuela, Argentina, Belgium, the Bahamas, and the Maldives. The national days for France and Canada occur in July as well.
- July is the warmest month in the Northern Hemisphere on average. It is similar to January in the Southern Hemisphere.
- July was originally called "Quintilis" because it was the fifth month of the year, but when January and February were added to the calendar, they renamed it Julius in honor of Julius Caesar who was born on July 12th.
- July has both the hottest and coldest temperatures ever recorded! On July 10th 1913 it reached 134°F in Greenland Ranch, CA. Then in July 1983, in Antarctica, Vostok Station recorded a temperature of -129°F! That is extreme weather!
- July is also considered:
  - The Month of Junk Food
  - National Grilling Month
  - National Ice Cream Month
  - National Hot Dog Month
  - National Blueberry Month
  - National Picnic Month
  - National Hot Dog Month
  - National Pickle Month
